# Digital

At LAG, we understand that effective recruitment needs to be affordable and straightforward. Advertising your legal vacancies shouldn't be an arduous and costly process so we work with you to get your job posted speedily and with the least amount of fuss. Efficiency is key when recruiting; online listings typically go live within a day of booking.

For just £150 + VAT, your job will be posted on the LAG website jobs page ([www.lag.org.uk/jobs](http://www.lag.org.uk/jobs)) and shared across our social media brands. Company logo placement is included.

With over 25,000 followers on Twitter alone, maximise the chance of your job being seen by the relevant audience of Legal Action Group followers and subscribers.
