# LEGAL ACTION

Legal Action Group's monthly journal

Legal Action is the monthly full-colour A4 magazine from Legal Action Group. With its circulation of 3,500, Legal Action is a vital source of information on the latest developments in the law concerning community care, crime, education, employment, family, housing, human rights, immigration, mental health and the public sector. Legal Action comments on the massive upheavals that are currently under way, as well as providing news, topical discussion and practice articles.

Legal Action Group (LAG) is a national charity committed to improving access to justice, particularly for the vulnerable and socially excluded. LAG works with lawyers and advisers to improve standards and knowledge of social welfare, family and criminal law among practitioners. One of the ways in which it achieves this goal is by publishing Legal Action and legal handbooks and by providing training for lawyers and advisers. LAG also comments and campaigns extensively on the delivery of publicly funded legal services, on the administration of justice and social welfare and on family and criminal law issues generally.

LAG does not represent any particular interest group: its primary concern being with quality and access to justice for the users and potential users of legal services.
