The LAG/Garden Court Chambers Migrant Support Conference

Garden Court Chambers, London

10% off all fees for new and existing *Legal Action* subscribers and LAG members

The law relating to migrants and asylum-seekers is complicated. Recent years have seen the introduction of the Immigration Acts of 2014 and 2016, as well as more than 45,000 changes to the Immigration Rules. In addition, the government's creation of a 'hostile environment' to deter immigration has resulted in more hurdles and obstacles placed in the way of all migrants, including asylum-seekers, severely curtailing their rights and hindering their access to essential services.

Those working in this complex area of law are often faced with desperate, vulnerable clients, and need to know their legal rights in order to establish their access to housing, welfare benefits and healthcare.

It is against this backdrop that the LAG/Garden Court Chambers Migrant Support conference will take place. Barristers from Garden Court Chambers, many of whom have appeared in cases challenging aspects of the hostile environment, will present authoritative legal perspectives on migrant support. They will be joined by expert presenters from organisations operating on the ground who will be able to articulate the practical implications of interpreting the law and share their valuable experiences.

Delegates will be able to buy selected LAG books at a special conference discount!

Who should attend?

Lawyers working with migrant clients, advice workers and local authority staff in social services and legal departments as well as case workers from migrants' rights organisations and charities will find attending this conference invaluable.

Community Care and the Law

sixth edition
Luke Clements

This is the pre-eminent legal text on adult social care law. The sixth edition has involved a comprehensive revision of this established text to provide an up-to-date analysis of the law relating to the rights of adults in need and carers in England, presenting this complex area of law with clarity but without over-simplification. It provides a detailed route map through the law and offers practical guidance on how it impacts on procedures and services.
